Subject: Additional Phones for GSJ

Good day =oss,

Steve of ETC, who installed LSJ's and =TC's phones and phone switch, states that the white phones =KX-NT346) we use on the islands and office are no longer available. He =uggests the KX-NT546 as a valid replacement that works with LSJ's =urrent phone switch. Below are pictures of both phones. The both phones =re simular in specifications and function. It comes down to the =osmetic look of the phone.

Is this =cceptable?

Regards
