after exposing 6 pipes, it was determined the leak was from a damaged cop=er irrigation line.  
The line was isolated and will be repaired Wednesday by Horizon Mecha=ical  
As of ton=ght the main house is back online.

There is a break in the water line to the main house just west =f the mechanical building  
The fix will be tricky due to location of power, propane, phone and irrigat=on lines .
