Hi Jeffrey,

=/div>

I'm sure my mom told you that when we went to Miami=we visited my college and I never got the chance to tell you how nice it i= and say thank you. I really enjoyed the day there and the counselors and =taff were really nice and helpful. I realized that without the opportuniti=s you have given me I probably wouldn't have been attending Barry U, I pro=ably would have been driving to UVI every morning for 4-6 years. Honestly = was a little hesitant about coming to Farragut because it's my last year =f high school and I wasn't really sure about how I would fit in and about =aking new friends. I came here and ended up not only liking and becoming c=oser than I thought with my new friends but the school in general offers s= much to do and so many new experiences. It hit me that the school year is=coming to an end and I'm get ready to start a new chapter in my life. Than= you for helping my mom. Thank you for helping my sister and I. Than= you for everything. I'm more excited to see my mom face as they call my n=me than to actually graduate because I'll know at that moment I made her p=oud. As I walk across that stage, I'll not only know that I'm making my mo= and dad proud but I have made you proud as well, because you have seen so=much potential in me. I know you can be really busy but I would really lik= for you to attend my graduation. It's at Admiral Farragut Academy on May =9th, 9am.
