DAVID must keep Gary in this loop - DAVID is not capable to complete these tco issues I said months ago I was concerned that we would need engineers to give sign offs - need GARY to drive this

Yes, today David sent me something saying that Metropolis now says there is a TR sign off we are missing.  
I asked David to set up a Conf Call... as he doesn't know if the TR needs to be from Guth (the MEP Engineers) or the 3rd Party Inspection company.  
He never set it up.... yet

I will follow up in the morning.
