its simple, leon should have a chart that has on one=axis number of hours flown the other axis percentage of =iz flights. each cell contains total pre tax and o=e chart after tax, so he sees the crossover . =A0 there is no asset increase to be 135, . most private owners dont =ant it .. . corps do. . . variable cost , is added to fi=ed cost and a total cost per hour is easy. . someone nee=s to check with jet to see if maintenance , upgrades to avionics etc is du= this year or next. . I was surprised that after all the=consultants there was still not a prospective budget? . = 1 get rid of entities , form a new ll=. leon should own it all . not debra . . should take les= than a week, . leon might want to ask re keeping the loan on at sam= value? , .
