Subject:	I'm hoping you can help ME

Feb. 05, 2016

Hi Jeffrey,

I'm hoping you could maybe please help me out. I applied for retirement from=CBP but it takes a 2-3 months before you start getting paid. In December I=bought a piece of property and paid cash for it, I would be happy to supply=you with those documents , that the land is free and clear to have a house b=ilt on it.

I was hired to work for Royal Caribbean as an immigration/ customs human re=ource manager to make sure that all the international crew documents are in=order for US ports. And that's how the income I was going to use for the co=struction loan.

 My father got very sick and is on hospice care. Right before I was to leav= for the first contract in January my mom needed me to stay and help her w=th my father. So I had to turn down the first four month contract it was t= be four months on two months off.

With out being able to start receive my CBP retirement income, the bank wil= not give me a construction loan. When the house is done it won't be valued=at 475, 000. is there anyway you could help me out for maximum six month.? =Could I borrow from you 200,000?

I'm sure this is not a typical request you receive from friends but if you c=uld help me out I would greatly appreciate it. Thank you in advance Jeffrey
