Subject: Opportunity

Hi Jeffrey.

I have handed in my resignation at Amanyara and will be free from the begin=ing of May to work with you if the opportunity is still on. If not that'=s fine but I need to know now so that I can plan my schedule.

What will my living arrangements be as in will I be based in=New York or on your island?

How often will you and I be working together?

Daily exercise and massage ?

Do you want me to advise you nutritionaly? If yes then I will need some diet=ry information and blood work results before I get there.

Best regards

Trayl
