See Bill's email below:

<iv>Bill Hammond is asking for your approval, he has the opportunity for ad=ditional 90 Days in Singapore flying the BBJ, if this doesn't effect yo=r B727 flying?

Do you approve of Bill flying=BBJ until end April?

Larry, ◆=A0 I need to talk you you today when you have a few minutes. I just receiv=d an email from Edan, he has asked me to come back at the end of nex= week for up to 90 days. I could take all or part of it. Here=is what is happening with them. They were in the process of buying = Global 5000 for a second aircraft and the director and the engineer were =ith the airplane for pre buy and all of that stuff, that is why they=needed me, well I came home a week early because the deal feel thro=gh so Edan came back to work. Now the deal is back on and he needs s=port again.

This is truly a one time deal once they get =here airplane, so once they get the plane in service I'll b= cut loose and probably not to return. They are hiring 4 global pilo=s for the aircraft but they have to be based in Singapore, in=the case you might know any that are looking for work.

As I mentioned before my first allegiance is to you and Mr Eps=ein, so if this would cause you pain then I will turn it down. =If you think that you could muster through it, I would like to go, i=s a lot of money, I worked for 18 days and made 29K and the n=xt deal will be if I stayed the entire time would be

<=div>
day rate 1300 x 90 per diem + 135 x 90 = 117000 + 12,125 = =\\$ 129,125
</=iv>

<=div>

Again, I could do part of it as well, =r do it all and that would be it. Please advise. ♦=A0

Feel free to call me today to d=scuss.

This is what Edan=C2♦wrote to me this morning.....

Hi Bill,

To my=amazement the Global negotiation is looking like it might go through This =oming week.

Any chance you can come back end of next week if it hap=ens? This would be a long tour for sure if you want it.

Thanks,
=br>Edan

I will need coverage for several months if not more bu= I understand you may not be available for too long. Im short two pilots t=rough April from what I see now.
