josh's arrival cut short our needed conversation= I understand we have a difference of opinion. fri=nds sometimes disagree, I shook on the 20 so you have no further ob=igation, none, I am willing to have brad karp hear both sides= as my view , you and i had an agreement. on phaidon /p=blishing, and then a long standing what you say is 28 , =hich is correct AFTer TAx. , 37 pre. . that was our numb=rs. I was clear what i thought the transactions were worth. fa= less than full. alan etc. , had you s=id i will pay you only 20 . i would have said ill pass.= you never told me that 50-60 the number that i put on the tab=e at the very beginning was not right. you asked that i =ay out my plan step by step. and what i believe would have been the fair t=ing to do is say to me, I will pay you only 20 if you do=C2 as i ask, not tell me for the first time only aft=r i laid it all out . had it not been you, i would have requi=ed payment in escrow. BEFORE fyi the reason I sent yo= an invoice so that if you decided that you wanted me to continue this yea= . it would be applied to last years income. I think today wa= a beginiing for you. I am glad I will meet wendy the 23, rd,=C2 . separate and apt from being your sounding board for persona= issues, I do not see my involvment moving forward.
