okay, its time =or you to decide how you would like to move forward. ( fyi get your =oney from the 1031 . the screw up is only one of many,)=C2♦ If you decide to move foward on decanting. phaidon, n=te basis estate update , each requires many carefully orch=stated detailed steps. and precision . there are hundreds =f millions in saving if done correctly and a huge mess =f not. The fee will be owed either way, - If you want me a=d my colleagues to do it , oversee it paper it and guide it, you sho=ld tell me. It is a big undertaking . If not , ok .. Brad and=your crew can try to do it. IF they do- I prefer no real further=C2♦ involvement apart from confirming the outcome of my proposed structu=e, I will not risk the admonition of- they thought ! you said, they=thought ! you meant, they understood! it to be. but they said =ou said,! ( i e ,I asked at our meeting that accounting =e done properly for bens house , what came back was ada thought that =l meant that we needed to go back to the 97 trust and give him a full thir= party accounting of where his money had gone??!! I kid you no=). I dont think brad should talk to jane heller without a fully fles=ed out plan in place and even then it should be you. =C2♦
