To confirm,

The goal is to have Gulfstream re-veneer the Pocket door, so it hides any openings such as Vacant/Occupied and T Handle,. If Gulfstream can make the Poc=et door look like Eric's one in the photo below, and Maybe Plate or=stain the door handle to match the Dark Eucalyptus veneer,

The goal is to have the Pocket door as much veneer as possible, camouflage t=e handle,? I'll request a drawing for your approval.

Original Eric fabric panels, Note the fabric panel to cover the monitor is e=ternal, a bit bulky?
