Not sure about = zones,,, we have fwd cabin and Aft cabin upwash and down wash light cont=ol for the cabin,,,
If you considered Galley a zone, and Aft Lav a zo=e,,, we would actually have 4 zones,,,
The 2 Zones LED light gu= is referring to is fwd and AFT cabin zones

If Eric says potentiometers, i guess they=would work,,,i like to have gulfstream confirm that as well,

Jeffrey
Pe=es guy for LED lights is the same one, Eric uses i believe.,.
Her= is email to Pete from LED light guy:

Hi Pete,

Thanks for the in=ormation. The conservative quote is \$35,000 for the entire cabin wit=2 zones. We're very close to TEB and once I am back I can =ome out and visit the plane whenever available. Once I have the det=iled information I will be able to provide a concrete quote.=/div>

Thank=,

Shervin

Thanks for the information. The conservative quote is \$35,000 for the entire cabin with 2 zones. We're very close to TEB and once I am back I can come out and visit the plane whenever available. Once I have the detailed information I will be able to provide a concrete quote.

Thanks,

Shervin
