Against my better instincts, I took your advise, because I trust y=u, and settled with Joe. Totally leaves me open to him saying 💎=98disparaging' remarks about me. He wouldn't sign a =ounter NDA and wouldn't pay any of my expenses – even a fe=ex and uber bill.... Well, it's between him and God 💎=93 Karma....

Still amazed Fred picked a trader to run his life in =ater years. It's sad – he was being lied to and corr=cted to the point of feeling crazy. It's dementia 101 that a=person slips in and out of cognition – Fred made me swear not to l=e to him, and when the nurse told the staff to tell him he never spent a m=nth in a hotel it was tragic – heartbreaking actually....💎=A0 I really do like Fred, but guess its not my problem anymore. Sad!=Sad! Sad!

I graduate with my [REDACTED]. Yeah! =esperately need winter coat/clothes 😊 if you're so inclined to send a =ift.

Sen=ing loads and loads of love and happiness!!!

PS. If you want me to help you with yo=r advance directives am happy too (don't want you to be locked in = tower or deprived of sex 😊😊😊). Remember, the medical field fi=ds what is 'wrong' with a person and tries to fix it, and =ocial work finds what's 'right' – what 💎=80💎strengths' you have left and how to be happy. You just =ave to decide what you want more of – longevity or successful agin=. Because at a certain age, sex will probably kill you, but what a w=y to go...
