The Japanese woman that I thought might be a good person for you to hire has=a stable job and that she is pretty happy with but has agreed to meet if we=won't be disappointed if she doesn't take the job or if you don't like her.=(She was worried about disappointing me and my co-founder that she worked f=r in the past.)

Would you be interested in meeting her to describe the job and also see if y=u like her?
