I'd like to say "thank you"=for taking the time out of your busy schedule to steer me on what I like to call the "right map".

I'd like to tell you a little about myself even if it may be irrelevant at this point.

I've made some good choices over the course of my life in terms of financials:

Decent savings: 40K
IRA's/Stocks: 35K
TSP(retirement so far accumulated) : 27K
Checking(my everyday spending): 4K=C2
Credit score: 750+

And it goes on= how ever, i realize even though all that is ok, I'm NEVER going to save my way into financial freedom. This is what led to learn about money and=how it actually works and how to "grow it". Realized tax structure, inflation, interest rates, type of investment vehicle along with the knowledge played a KEY role, and this is what started that burning desire and=I can not seem to turn it off now. I've been extremely cautious =f who I take advice from. I strongly believe if someone has not been to Coney Island, they can "not" show me how to get to Coney Island. So=I began to read books on wealth, so my philosophy is intact. I'm=in action mode right now and have dedicated everyday to getting there. I only take advice from you and every time we speak i take every thing literal=and go out and do it. I know this is the COST I must endure to get where I want to get and I will "never" give up.

Right now I'm just focusing on the numbers like you said, =ccounting aspect and will enroll in the accounting course you suggested and= will continue to do so everyday. It keeps me up!
