**Subject:** James Benton - J Benton Construction - October 26, 2015

Greetings Sir,

Mr. James Benton ([REDACTED]) called this morning. He is definitely interested in the Mechanical area projects.

J. Benton Construction offers a complete package - Engineering, Architectural, obtaining Permits, Construction - they do everything and hand you the keys.

I told him you are looking for an "all in" cost, which he can provide.

Mr. Benton is currently on St. Croix and is traveling for the next couple of weeks but can be available for a site visit the week of November 16. He will call this week to confirm a date.

Respectfully= Daphne
