Good Afternoon

While you where on LSJ I m=ntioned about Sanfrans Dejour - Landscaper, whom has been with the company=since 2014. He is a very hard worker

He was hit with a br=nch on GSJ, complained of a sore head, but continued working. Arrived at w=rk the following day, had a major headache, worked the day

=A0 I went with him and his wife to Red Hook Family, getting a referr=l to see a specialist, whom believed he was over medicated, Since detoxing=all drugs, then receiving the corrected medication there has been a huge i=provement, with the hope that he will be back at work either the end of th=s week or beginning next

The point is he has used a=l of his sick & vacation days, would it be possible to pay him at leas= a week, he would pay LSJ back in time

Thank you for your=consideration on this matter Warmest regard [REDACTED]
