Dear Jeffrey,

me and Thom are working on a conference at Long Island Bahamas january 7-1=, 2016, at Stella Maris resort , you are of course invited excellent peop=e have signed up for the conference, they will help us to tackle the quest=on concerning the personal of the Center.

As you know there is a new situation in Long Island Bahamas due to the big=destruction caused by hurricane Joaquin, how it affects our plans?, well, it adds a new dimension to the motivation to build a Physics center i= Long Island Bahamas, in addition to the scientific side, such a project w=ll enhance the moral of the islanders and probably get strong support and =ndorsement from the goverment of Bahamas and other Bahamian organizations= I am sure everybody will be very grateful to you if you were to participa=e in the advancement of a high level center for Bahamas, for both scientif=c and humanitarian reasons.

By the way, after all the destruction in Long Island Bahamas, I do not thi=k you have to worry about people in the center being distracted other thin=s, the Island is not so attractive now, scientists will feel now even more=isolated, just will have to worry about thinking and carrying out their re=earch, I am now back in Beer Sheva, best regards,

Eduardo Guendelman
