Dealing only with Dersh, as that is the only case needing urgent attention - If the problem with the dersh settlement is assurance of peace between those parties, which everyone should want, then there is only one way to do that. I have now communicated with David. As I told you, Dersh has been speaking with David so in my opinion he is the best shot at getting this done. David will agree to host a meeting for the purpose of achieving that assurance and developing an acceptable enforcement for any breach. He will host it Sunday in his office. Let me know if this is a concept you agree with before I do anything else.

I think we can agree that I have done all I can do to make this work.
