I intended to hold off on any other work at that =ocation until after Linda's visit 14th Sept

We have been stock piling dirt for back fill and gr=de MH, unfortunately the track hoe broke down

It has been returned, company was unable to=locate part.

Another unit has been found from another company, we are waiting for c=nfirmation on delivery date, Monday or Tuesday next week.

In the mean time the access road behind =he MH to proposed new site needed work and a slight change of layout so du=p truck was not continually driving over Spetic Tanks located to the South=East of Mechanical Building.

The storm water piping from the MH that goes under th=s road also need work, this work has been completed.

I will send Photos Friday of progress

regards Brice
