Sta=ing material, rocks and dirt at the log cabin have scheduled for today
I int=nded to hold off on any other work at that location until after Linda'= visit

We have=been stock piling dirt for back fill and grade MH, unfortunately the track=hoe broke down

Another unit has been foun= from another company, we are waiting for confirmation on delivery date, M=nday or Tuesday next week.

In the mean time the access road behind the MH to proposed new site need=d work and a slight change of layout so dump truck was not continually dri=ing over Spetic Tanks located to the South East of Mechanical Building.♦=A0

The storm w=ter pipping from the MH that goes under this road also need work, this wor= has been completed.

I will send Photos Friday of progress

regards Brice
