Staging material, rocks and dirt at the lo= cabin have scheduled for today and tomorrow
I intended to hold off on any other work at th=t location until after Linda's visit 14th Sept

We have been stock piling dirt for back fill and grade M=, unfortunately the track hoe broke
down

It has been returned, company was unable to locate p=rt.

Another unit has been found from another company, we are waiting for confirmation=on
delivery date, Monday or Tuesday next week.

In the mean time the access road behind the MH to propo=ed new site needed work and a slight
change of layout so dump truck was not=continually driving over Spetic Tanks located to the South East of Mechanic=I
Building.

The storm water piping from the MH that goes under this road also need w=rk, this work has
been completed.

I will send Photos Friday of progress
