We'll be in Tucson, visiting the linguistics department, mainly.

Most interested to hear about the conference. Hope we can work something out.

absolutely. Great.. hope it is vacation at the same place! We are going to have an Origins workshop on
Origins of Mental Pattern Processing: Lessons from the Brain with an interesting group of neuroscientists, and machine
intelligence types.. followed by a great debate on Creativity to Madness: Mental Processing in Human and
Machine brains.

If you two would like to come up for the weekend and sit in and enjoy the resort and spend some down time
with me, I would really enjoy that, and we would cover all the expenses... if the timing works out. We could even give
you an honorarium if you wanted to spend more than a few days here relaxing and writing. Anyway the event is
March 11-13..

In any case, perhaps I will see you back east before then. Thanks for reaching out.

Hi Noam:

we are working on editing the transcript =f the dialogue and it should be done in a week or two..
It seems to be =oming along well.. it comes in at around 20,000 words.. anyway, am =onvinced it could be the basis of an
interesting volume, supplemented =y an intro, afterword, and maybe one or two other things..

Hope all is well. Jeffrey told me about =our interesting meeting the other day.. wish I could have
been there to =isten.
