Gulfstream informs they would need to order more veneer from vendor if you replace the Cabin side of pocket door, and also cabin side of aft Lav door,= The remaining veneer located in Savannah is not enough to accomplish thes= panels., Gulfstream wants to make sure the Pattern of the replaced veneer=match's the L/H and R/H sides of fwd bulkhead panels. Note, Eric=E2 s process for finishing differs from Gulfstream, as we seen in the=Silver Burch samples you first selected.

Should I tell Gulfstream to place the order for more veneer?
