ok, as i again predicted. FU=K!!!!. this is bad !!. you cannot go to the meeting alone. now. you need a witness. lawyer. advocate. or at a minimum you might want to tape the meeting.

Thanks for this. I should perhaps have been clearer about my original question though. In order to better be prepared for our meeting I would like to know if you will be providing me with the additional information in advance of our meeting. Also, will that be the only occasion to respond to the information, and/or present other new information or request further information? If not, what kind of timeframe should I expect? Thanks again. I do appreciate your getting back to me.

Lawrence

Hi Dr. Krauss, </u>

I wanted to make sure I addressed the other portion of your question below. During our meeting I plan to discuss new information that my office has received related to the allegation of non-consensual physical contact at the 2016 Australian Skeptics Convention. The new information includes a conversation I have had with a witness, this person was named in the BuzzFeed article, and a conversation with the anonymous female who experienced the non-consensual physical contact.</div>

I look forward to meeting with you again to discuss this further.<=>
