Subject: Re:

Good night boss

I look up the manual: the "message waiting " is a default ID =ssigned when an extension calls another extension. Once the message button p=essed it will show the extension/ phone name that called, but no voice mess=ges could be left on the phone. I am waiting to hear back from Steve Bisby,=the installer, to confirm my findings. I also requested more information on=voicemail boxes on the system.

Regards
J=uan
