i questioned labor which was 38 hours (they said 2-3 men for 2 da=s at 115 per hour) - labor would be adjusted down if they do not spend all=the time

i have not yet negotiated b=d and believe i can reduce to at least 11,000

estimated time to receive from CA is 2-3 weeks

note this is same company that is currently installing =utron (which should be 90% done by 9/25)

please advise

thank you
