Yves Bergeron from No=ior Aviation - Their requirement needs gravel certification. Their last r=und of questions are posted below and I could use your guidance for the an=wers.

Omar Mazoub - mandated agent for Diane Airlines and Santos Biku=u as principle. These guys appear to be the most interested. However, they=have disclosed that the principle is not allowed to travel in the US at th=s time because he had been caught entering the US with 6 million dollars u=declared cash. I have told them that we would require a copy of his passpo=t first and foremost so that we can confirm their have been no sanctions t=at would prohibit us from doing business with him. I hope to have that on =onday.

I will keep you posted on all three prospects as this week get= going.

Hi Gary,

I have =ery specific criteria to meet. I want to know what are the MTOW, MZFW, OEW=and the MLW for either paved and gravel runways. Also I would like t= know what is the MTOW for a 7000' runway at 1100 elevation at ISA=+15 and the fuel burn for a 4 hour flight in LRC.

Thanks
