Good Afternoon Anna,

Please see attached statement of account. Work is close to completion. We expect to have everything wrapped up by 9/16.

We will have an additional invoice for fuel disposal - we will send this over this week. We checked into polishing the existing fuel, but it is not cost effective or worth the risk of contaminating the new tanks.

LSJ or Subbase will need to order and arrange delivery of 200 gallons of fuel - please let us know if you would like us to handle this. If you prefer to order it, just let us know and we can tell you when we are ready for delivery.

Thank you!
