Good morning Larry,

We want to apologize for the items requiring work in =lorida and am hopeful the items were corrected to your satisfaction. It is o=r intention to make Mr. Epstein and you happy with your decision to allow G=lfstream the opportunity. It was especially rewarding to me and others personally who worked with Dave o= the GII effort so many years ago.

I have reached out to our certification group to unde=stand if removing the occupied latches is allowable. Early indication is it=should be ok but am awaiting final confirmation and will advise. We are als= confirming veneer availability for the doors.

Do you have a time frame in mind you'd like t= return for the veneer work? I have copied Rusty as well so he is advised. P=ease feel free to contact me should you need anything further.

Respectfully,

Julian Brown

Assistant Program Manager
