Subject:	6th floor - 71st street

the existing screen is 113" diagonal

the largest the screen size could increase to would be 120" =owever that would require opening up the ceiling where the screen =urrent is housed

Al's (lutron vendor) recommendation would be to keep existing =ize of 113" and replace with a stewart fire hawk grey screen I asked about black and he said that too would require opening up the =eiling

Should i have Al quote a Stewart Firehawk Grey screen or do you have =ther thoughts?
Please advise
Thank you
