Depending on your flight schedule and Dallas AirMotive, we could start loaner engine install Monday August 31st., and probably test fly Thursday Sept =rd estimate.

Does this work for you?

If loaners remedy our issue, we leave them installed and GIV is back in service Thursday or Friday Sept 4th, while our engines complete midlife inspection.

B727

-Larry Morrison is planning to accomplish A2 inspection on Boeing when it arrives in Palm Bch Saturday, it's not due until Sept 9th, it's likely inspection 4 day down time we will accomplish on PBI ramp.

Does this plan work for you ?

Thx
Larry
