Subject: Re:

I don't remember whining at the phone. I just told you that we were still looking for a solution for the house. What is the problem with this ? I am also doing private tutoring for toefl and studying.

Instead of trying to understand things by talking about the problem you just interrupt the conversation without giving any explanation. I understand that you have more power, doesn't mean you have to act like this with me.

I have had more than enough of you telling me how YOU think I should act. This is ridiculous .
I have giving you my time , my advice , much money, . attention guidance, help. by some craziness you think you are owed much more .. Your actions , broken promises, over and over, are self centered , selfish, irresponsible and self destructive. your excuses are many, you whine about olympia, margot. me, your mother, your school, your job, and when it comes time for you to do something, it's blah blah, Hope you feel better.

I don't understand why you react like this... I don't think I said something wrong to you and if I did I'm really sorry. I'm very happy and enthusiastic about going to Paris and starting school. Thank you. However, yesterday I had fever and still now I'm not feeling well. I know you don't like complaints and you always would like to hear me say that I'm great all the time but I'm not from LA. Sorry, I would love to be always "positive thinking" but I am not this kind of person. Like every human being I have up and down moments and you should accept this. I am always thankful and grateful to you and I think you are great but you can't always blame me for everything I do. I always feel when talking to you that I'm walking on glass and that I should be careful so every single word I say.... This doesn't make me feel comfortable. Instead of trying to understand things by talking about the problem you just interrupt the conversation without giving any explanation. I understand that you have more power, doesn't mean you have to act like this with me.
