"Charge per event" is a one time charge from Rolls Royce per engine.,

"Charge per day" is daily charged when engine leaves Rolls Royce shop in Indy and is received back to Indy after use.

"Charge per hour" is flight hour only.

"Cycle charge" is takeoff and landing with a start and stop, which allows engine cooling.<=div>

All of this will be no charge if loaner engines remedies our issue.,

Remove and replace labor estimate is \$11,400 per Engine, I'll confirm price

I'll confirm with Kathleen and Dallas Airmotive first guess would be = to 6 weeks

We would keep loners installed while our engines would be repaired this would be no cost when covered under corporate care
