Rich,

The grease stains on furniture at Cabana 1 was caused by Guy when he was helping Jason move furniture for rug padding replacement. He was asked to wash his hands and take off his greasy jump suit and boots. Guy did not listen to anyone when she told him to cleanup. We now have to bring out steam one to clean everything. Another expense that Mr. Epstein shouldn't have to pay!

In addition he was talking to certain staff in a bad way about Anna. I will send you a separate report on that once the staff gives me their written report.

My recommendation is that we terminate Guy.

Mower damage by Guy to follow with pictures
