Hello Mr. Epstein,  
The radar on Dig N isn't working. Keeps=blowing fuses.

Two options

<=i>Send radar to Furuno in Maryland to inspect & give estimate to repai=

and fix

1. They think its a power filter board failure - cost is \$450. f=r board plus \$100 per hr labor to test and fix
2. Shipping 3-day priority is \$61.95 each way
3. Total Approx. cost is \$700. to \$850. to fix=(if they determine it is unfixable then we only incur the shipping charge =f \$61.95 one way/no disposal fee

1. Cost of new Furun= 1835 digital model

[1. http://www.furunousa.com/Products/ProductDetail.aspx?product=1835](http://www.furunousa.com/Products/ProductDetail.aspx?product=1835)  
<<http://www.furunousa.com/Products/ProductDetail.aspx?product=1835>>  
2. Retail cost is=\$4,895.  
3. Amazon price is \$3,867. - if we go with this option I look=look for best price once a decision is made

suggest to =try to fix option 1 and if unrepairable go with option 2

Which option do you want to proceed with?

<=r>

Best,  
Leighton
