I'm working schedule with Dallas Airmotive and Rolls Royce., Kathleen advises engines are completing post inspection and could be deliver=d to Dallas by Friday August 28th,.

Depending on your flight schedule and Dallas AirMotive, we could start loane= engine install Monday August 31st., and probably test fly Thursday Sept 3r= estimate.

Does this work for you?

If loaners remedy our issue, we leave them installed and GIV is back in serv=ce Thursday or Friday Sept 4th, while our engines complete midlife inspecti=n.

Does this plan work for you ?

Larry
