Hi Jeffrey,

I spoke with Donald yesterday and he said that Karyna should "subm=t whatever is asked of her". I definitely got the impression from hi= that Karyna should follow up with Ms. Richardson. I'm not sure what=is going on but something does not seem quite right but Donald was not ver= forthcoming. It may be time to ask Celestino to intercede as I reme=ber John telling me last year that he introduced Celestino to Ms. Richards=n on behalf of one of Celestino's clients and that they (Celestino an= Richardson) have a good relationship.

With warm regards,
Cecile
