Good Day Mr. Epstein.

Please review the attached pictures and let=me know which location works best for you for iPhone protection in the ATV=front storage unit. The closeup picture is a plastic case with shelf foam =lued in the base to protect the phone. This size will hold the iPhone 6 pl=s. No one makes an ATV case that allows you to retrieve the phone easily. =ll have protective enclosed cases. The 2nd case is for the eye glasses. Bo=h are attached with Velcro so they can be removed if needed. Joyce c=me up with the idea and put them together. One approved I will attach in t=e 5 ATV's with front storage units.

Please chose lo=ation 1 through 5 or suggest another location. see attached pictures
