5-The underperformance is why I have =o resctructure Italy as mentioned to bring it to its full pot=ntial and why  
I bought back and removed Giancarlo from leader=hip role that I will take. I know what to do and the root cause of it.  
We =ost 2 of our biggest clients as they decided to move production abroad and=internalize modeling. Then Giancarlo

7-The compani=s will also pay consulting fees every year. I will like that someone from =our side audits these  
numbers as well so that you can get 20% of these net=fees as well. It's very simple and clear to do so.

8-The mid-term strategy =s to leverage the italian=C2♦operations (that has to become just perfect) and using  
the brand name=that built 14 years ago and the business procedures that I created g=t the appropriate models to have  
successful operations in Paris, London, N= and Miami. Fashion models (that I wanted to buy with you) did the same  
la=nching Next models and then selling it to Goldengate Private Equity for ~105M\$. They did it inves=ing 8ME that came

almost entirely from their free cash flow of the </=pan>italian operations over ~4 years. You might know the story in more detail than myself. If they did it I can for sure

Jeff,

here are the numbers of 2morrow and 2day. This is the cash flow I review monthly and what I use to keep operations under control. Cash flow is much better than accounting for this=purpose as a properly run modeling operation does not generate long term p=yables (we pay the models immediately after the job). I quickly put the labels in english please let me know if anything is not clear. 2day was=launched a little over 1 year ago and will be cashflow positive in approx = months.

I then am sending a second file for NologoMGMT (former Future). This is separate because there is another GM there (Mauro instead of Giancarlo). The company was launched only 18 months ago and is cash-flow positive as you can see.

I agree but they ask me to commit to a 3 year time. I am sure they will put some good money behind the commitment but that's not the point. The low risk solution for me is to take position and keep the rest on the side, but you are very smart and experienced and I value your input.

I never like to feel like I have to do anything, even if it's a great opportunity and a step up. I am built like that.

I very much appreciate your thoughts.
