Thank you Dr. Krauss, I =ppreciate the updates as schedules and plans start to form or =hange.

I know that you are also =orking with Erin Ellison as she oversees a separate investigation from =ur office. If agreeable to you, we would like to schedule a 3 hour =lock of time on a day that you are in the Phoenix area. She and I will =eet you with separately, but during that same timeframe. Monday, April =th works for both Erin and I, =f this ends up being a date that you are also available.

I look forward to your =eedback or confirmation of a day and time that works well for you.

All the best,  
Carla

Hi =arla:

As you probably know, I am limited in my =isits to the University at present. What you may not know is that = live in Oregon with my family and commute in to Phoenix to work at the =niversity. Because of the current situation this travel is also =imited. We could have a Skype meeting at your convenience =ometime in the next week or

so. Otherwise, the next time I will be in Phoenix will be April 10-12, (one of these days I will be down in Tucson to work with a collaborator on a book). Can you also let me know if you will be presenting me new information at the meeting and can respond to it at a future meeting or not? If that is the case, perhaps you could provide me the information in advance.

Thanks very much. I look forward to hearing from you.

Lawrence

Good-Afternoon Dr. Krauss,

I would like to find some time to meet with you so that we can discuss the new information my office has received related to the alleged conduct at the November 2016 Australian Skeptics Conference.

Please let me know days and times you are available and I will be glad to coordinate further.

All the best,  
Carla
