This is getting ridiculous.. It seems to me that it went from telling me that the seat is not original equipment to now its used leather. I used a special company to help me get all this done in the west coast. I finished the saggy part quick and nobody came to inspect it. Now your demanding new leather. Its all new and I want him to come in person to my shop. No more calls. This is all because communication issues between you and him. Im not paying the price for that.. I did exactly as I was told by you and what I said I was going to do! We went back and forth with this rear

=ench seat.. He also knew because he told me to order it. Someone nee=s to come monday to settle bill with a certified check or truck goes in sto=age assuming storage fees as posted on my wall at shop..

the leather is=old on the seat and it is not new. the number of parts are irreleva=t. you can speak directly with my principal if you prefer so =C2♦ I am not the man in the middle. you told both of us that you ha= a brand NEW seat in california that you would air freight. . I dont=know if it came in pieces or not. the leather on the seat , i= clearly not new. you can replace the leather if you like in a=dition to showing me a bill that reflects a brand new seat which I have as=ed for all week.

Thank you.
