High terror alert in UK: ISIS targets royal family

DEBKAfile August 11, 2015, 10:26 AM (IDT) The alert level in Britain against terrorist attacks by Islamic State returnees has been raised to "severe," following a four-month undercover investigation by Sky TV reporter Stuart Ramsey. Among his findings, a young Muslim woman who was planted in ISIS ranks was asked to buy components for a bomb to target the royal family at forthcoming VEJ commemorations. At least four British ISIS members are said to be at large with orders to conduct bombing or shooting attacks on their home round...
