Here is Sean Lancaster's
Opinion GV vs G550

Larry,

=I would focus on t=e G550. The GV will need a lot of upgrades in coming years and may cost as m=ch as 500K to meet that. I do see deals in both markets though. =Both are declining rapidly. You really need Rolls Corporate Car= for either to protect yourself. Loaners are a huge issue and Rolls control= the market

Best regards,
