Like I said I need to see the seat.. It seems=that it needs adjusting. The seat was assembled from scratch. This was alm=st an impossible thing we made possible as you know.. so if there are some=adjustments then we can make them. The seat is a oem seat and From the dea=er in parts. I will find the paperwork to show you the amount of parts.. I=would like you to call the dealers to verify.. The best I can do at =his point is try to adjust what I can to remove the saggy areas.. No=hing else can be done. I really think this a minor issue and for me to do =nything I need to inspect seat
