i spoke with david and he will review existing original unit at STC and prepare a bid on Monday or Tuesday of next week

regarding LSJ david informed me of yesterday's issue in library but said that that mold bleach wash and ozone generator went very well

david suggested that the movie room is also very badly in need of this service as all mold is dead but very transparent all over room

can i have david prepare a quote for movie room
please advise
thank you

Hi Rich,

=br>

We replaced the front (from JE's office=through to the reception area and Daphne's office) A/C unit on
2008 (\$=,900). We have only ever repaired the back unit which I believe was =nstalled in late 1999 - early 2000.

With warm regards,

Cecile

Hi Rich,

I talked with the technician, David, about this and yes I agree that the mold has to be taken out. A0 AYH would like to extend the payment to Reefco in order to get this done. However, as David explained, he suggested to Southern Trust that they replace the air handlers and duct work, or this will be only a temporary solution. David also stated the any roof leaks were taken care of even before my tenure here. I would propose that southern Trust have the necessary corrections made to the air-conditioning system, then after that we can have the mold portion completed and replace any damaged ceiling tiles.

Best,
Lee
