Greetings Sir,

The re=listic date for the return of Big N is Friday, July 31.

We spoke with Gene this morning (Gene spoke with Boscoe last night) =ho summarized for us the parts to be completed before the barge is ready f=r sea trials:

- Old engines removed and stored
- Engine parts swapped from old engines to new ones
- New=engines set in place (old engines loaded for return)
- Alignment</=iv>
- Exhaust system
- Wiring to the new engines
- Recon=ition the transmission
- Replace the fuel lines
- Re=ondition the fuel filters
- Sea trials

Ge=e does not foresee any catastrophic setbacks, but at this time he also doe= not see the completion before the end of July.

W=en we speak with Boyson on Monday, I will request their barge for the mobi=ization of Better Roads equipment, and that they work with us as auxiliary=until Big N's return, so this project's schedule is not derailed.<=div>

Respectfully, Daphne
