Sand Hill Exchange invente= the nihilcurrency out of necessity. Trading on Sand Hill Exchange i= very fun. But if XCoin attained even the nominal value of a me=e Satoshi, Iranian rial, or Farmville dollar, our exchange would quickly b=come among the biggest threats facing financial regulators.

For this re=son, if we ever learn of anybody trying to trade an XCoin for anythin= of value, we'll kick their ass, and we ask you to do the same.♦=A0 Keep nihilcurrencies free!

For so=e background on the SEC action against Sand Hill that prompted all this, I=recommend this article:

These are some very sma=t kids who didn't realize they were making a securities offering. I L=;m sure this won't be the last time we see this.
