I have tal=ed with VIYA and they still don't have a set date for the island's phone service.=Therefore, Mr. Thomas and I found a temporary "stop gap" solution for the =hone System situation on LSJ.

The plan i= to put an IP phone system base at STC.

Use 2 of S=C lines to give LSJ temporary service.

Place the =P phones on LSJ at the Kitchen, the white table, and flagpole pool. At STC, 1 can be placed at your so you won't miss any call's going to LSJ.

Attached i= some reading material for you on the system and phones.
