Dear Je =8Effrey

It seems that today or maximum up to Sunday Greece will reach an agr=eement with EU and IMF that will give us the necessary == ox=gen to breath till September that we will need another 35-40 billions to c=ntinue down the road but with other Government in place.

I am just lightin= a red light to you confirming that if Greece is still in your antenna the= probably this the right time to decide an enter strategy...

Regarding the o=her markets my view is that after Greece, Europe will solve Ukraine and th=s also a red alert to you for positioning in the country....

I am always at =our disposal through our common friend.
